**Clarification For Number of Students Admitted Against  
Reserved Categories**

This is to certify that the college strictly adheres to the Reservation Policy of Government of Maharashtra during admission process. But due to less number of applicants belonging to SC and ST categories than earmarked seats. These earmarked seats remain vacant. While the last round of admission, these seats are transferred to other categories such as OBC in which students are mostly available or at the end of admission process to open category. Hence number of students admitted in OBC as well as in overall category is more than earmarked seats.
